SAILING FINEST WEAVES ACROSS OCEANS

## INTRODUCTION

**Saturn Seaways LLP** is a **leading manufacturer and exporter of high-quality textiles and garments**, seamlessly blending **traditional craftsmanship** with **modern innovation**. With expertise in **printed, dyed, and value-added fabrics**, the company caters to diverse industries, including **fashion, uniforms, and home textiles**.

Driven by a **commitment to excellence**, **Saturn Seaways integrates cutting-edge technology, sustainable practices, and global market insights** to deliver **superior fabric solutions**. The company's expansive product portfolio spans **contemporary fashion and industrial apparel**, ensuring **versatility and quality in every thread**.

What sets Saturn apart is its **smart supply chain**, a technology-driven operational backbone designed to streamline everything from weaving to dispatch. **By integrating automation, data systems, and digital coordination** into our traditional production infrastructure, **Saturn enhances efficiency, traceability, and responsiveness across the manufacturing process**.

As a part of the renowned Rachna Group, Saturn Seaways LLP continues to set new industry benchmarks through **strategic global partnerships, innovation-driven manufacturing, and customer-centric solutions**.

## LEADERSHIP

### VINITA DEVKAR CO-FOUNDER & PARTNER

Vinita Devkar is a visionary leader with deep expertise in textiles, fashion design, and brand development. At Saturn Seaways LLP, she leads the creative direction, product innovation, and client engagement strategies, playing a pivotal role in shaping the company's identity and global presence.

With a strong understanding of both traditional Indian textiles and evolving international fashion trends, Vinita ensures that every product reflects craftsmanship, quality, and market relevance. She has been instrumental in building lasting partnerships with buyers, guiding the design of exclusive collections, and steering the company's sustainability and quality excellence initiatives.

Her leadership style is collaborative and design-driven, bringing together the right mix of creativity and business insight to keep Saturn at the forefront of textile exports.

### SHREY DEVKAR CO-FOUNDER & PARTNER

Shrey Devkar brings a forward-thinking, tech-driven approach to Saturn Seaways LLP. With a major in Computer Science and a minor in Business Management, he leads the company's operations, technology adoption, and international expansion efforts.

Shrey's focus is on building a smart, efficient supply chain that supports scalable production, real-time visibility, and consistent quality. Under his leadership, Saturn has implemented automation, digital systems, and streamlined workflows that reduce lead times and improve operational transparency.

He also plays a key role in exploring new markets, optimizing resource planning, and driving data-informed decision-making across the organization. His vision is to establish Saturn Seaways as a global benchmark for modern textile exports — blending traditional strengths with the agility and efficiency of next-gen infrastructure.

## A STRATEGIC PARTNERSHIP

Founded in 1977, **Rachna Group** is a leading textile manufacturer and exporter with over four decades of experience in producing high-quality man-made fabrics and sustainable textiles. Headquartered in Surat, India, the company operates with a workforce of **2,500+ employees** and maintains an **annual production capacity of 200 million meters** of fabric. Rachna Group is recognized globally for its state-of-the-art facilities and **One Star Export House accreditation**.

With an **annual turnover exceeding USD 30 million (Rs. 230 crores)**, Rachna Group has established itself as a dominant force in the global textile industry. The company exports its products to **major international markets, including the U.S., U.K., France, Australia, UAE, and Southeast Asia**. Its extensive experience in **weaving, dyeing, printing, and garment production** allows it to cater to diverse industry needs while maintaining the highest quality standards.

**Saturn Seaways LLP** benefits from this robust infrastructure and technological expertise. This strategic partnership positions Saturn Seaways LLP as a key player in the textile industry, delivering **premium fabrics and garments** that meet the evolving demands of global fashion and industrial sectors. By integrating the **advanced manufacturing capabilities** of Rachna Group, Saturn Seaways continues to uphold a legacy of **innovation, sustainability, and excellence** in textile production.

## MISSION:

To provide sustainable, customizable textile solutions that empower brands to grow with quality, creativity, and conscience.

## VISION:

To become a trusted partner for next-generation fashion and lifestyle businesses by setting new standards in responsible manufacturing, design collaboration, and supply chain transparency.

- 58"
- 63"
- Customizable

**GSM Range:**

90 GSM to 400 GSM  
(Suitable for lightweight summer wear to heavy winter layers)

# MACHINERY & INFRASTRUCTURE

**Processing Types:**

- Ready-to-print
- Dyed
- Shaded
- Printed
- Value-added finishes

We offer customization for bulk orders, ensuring tailored solutions to meet your specific needs.

**Processing Machines:**

**Dyeing:**

- Jigger
- Jet Dyeing
- Paddling
- Soflina
- Merceriser

**Printing:**

- Rotary
- Flatbed
- Digital

**Finishing:**

- Super Finish
- Zero-zero Finish
- Calender

Processing capacity: 0.15 million units

**Weaving Machines:**

- Air-jet Looms
- Water-jet Looms
- Repair Looms
- Shuttle Looms
- Circular knitting

# GARMENTING DIVISION

## Mass Production Meets Modern Precision

Our state-of-the-art garment manufacturing facility is built to deliver scale, speed, and style. With a daily capacity of over 1,000 units, we specialize in high-quality production across categories including:

- **T-Shirts:** Round-neck, collared, and premium variations
- **Shirts:** Formal and casual styles
- **Activewear:** Dry-fit t-shirts, gym pants, shorts, sports bras, and cycling shorts

From fabric sourcing to final packaging, every step is managed in-house with strict quality control protocols, ensuring export-ready output and seamless private labelling solutions.

## Dual Production Capabilities

Our manufacturing integrates both traditional cut-and-sew methods and advanced seamless garment technology, enabling versatility across markets and product lines.

### Traditional Stitching Line

- |  |   |
|--|---|
| - 40+ High-Speed Single Needle Machines                    | - 4 Flatlock Machines (activewear seamwork) |
| - 1 Kansai Special Machine for seam finishing              | - 2 Overlock & 2 Coverstitch Machines       |
| - Bartek Machines for precision shirt and collar stitching | - 1 Fusing Machine (for collars/plackets)   |
| - Feed-O-Farm Machines for edge seam efficiency            | - Latest Tech Cutting Table                 |
|  | - 4 Steam Ironing & Finishing Units         |

## Integrated Equipment Overview:

### Ultrasonic Welding Machines – 4 units

- Model: SF809 Sewfree Tape Laydown + Ultrasonic Trimmer (2 units)
- Model: US-512 Ultrasonic Rotary Welding Machine (1 unit)
- Other Ultrasonic Models (1 unit)

### Tape Bonding Machines – 3 units

- Model: SF827 Belt Type Rolling Bonding Machine (4 units)

### Hot Air Seam Sealing Machines – 2 units

### Laser Cutting Machines – 2 units

### Bonding Press Machines – 3 units

- Model: TD100 Portable Bonding Press Station (15 units)
- Model: CS107V & CS107Q Pneumatic Flat Press Machines
- Model: CS784 Pneumatic Flat Cool + Heat Press Machine (4 units)

### Heat Press Machine (for logo and graphic transfers) – 1 unit

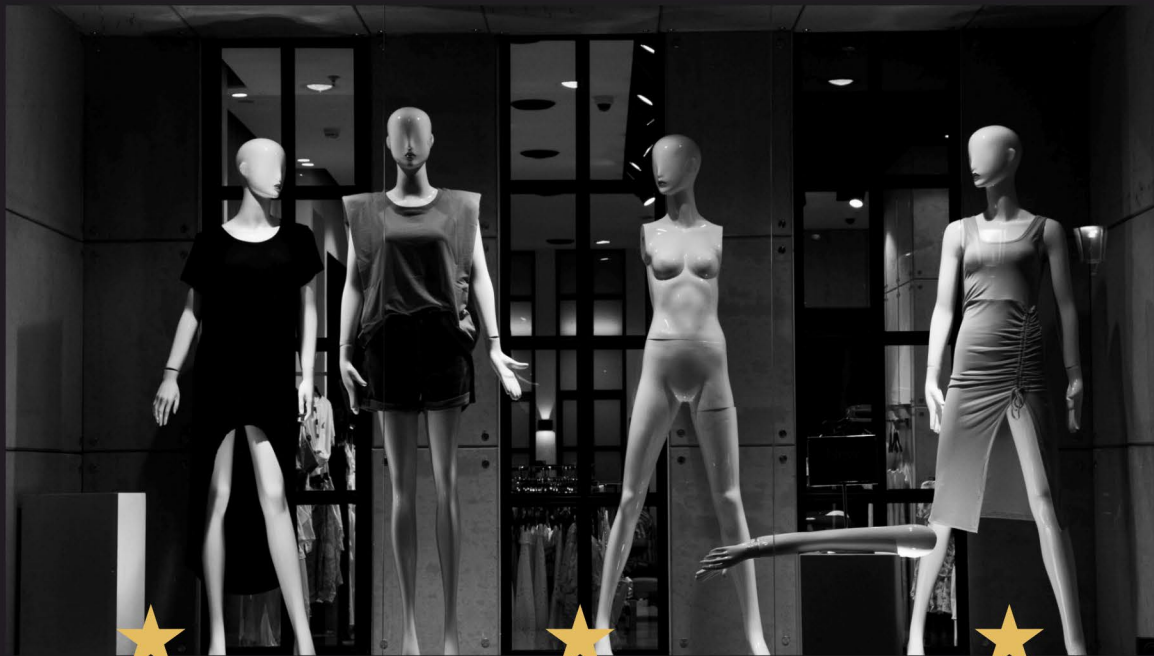

- Models: MS-20, MS-350, GH-1280T

## Fashion-Forward & Export-Ready

Our production capabilities serve both bulk orders and boutique-level custom runs with equal finesse. Whether you're scaling your own brand, launching a capsule collection, or developing seamless performance wear, we deliver comfort, durability, and precision-finishing at scale.

A LUXURY FASHION BRAND  
BLENDING ELEGANCE AND INNOVATION, OFFERING  
EXQUISITE ETHNIC, FUSION, AND CONTEMPORARY WEAR.

# VIORICA

**2022 Iconic Brand  
of the Year Award**

**Designed for Miss India, Miss  
Universe, Bollywood Celebrities**

**Times Fashion  
Weekly Participation**

Viorica is a luxury fashion brand, redefining timeless elegance with a contemporary edge. As a leading manufacturer and exporter of high-quality garments, it offers a diverse range of dresses, jumpsuits, coords, and indo-western styles for women who value sophistication and style. Known for its commitment to quality and innovation, Viorica also specializes in surface ornamentation; including fine embroidery, embellishments, and artisanal detailing, that adds a rich, handcrafted touch to its garments.

## IN-HOUSE LABELS

### VIORICA – Youth Culture Reimagined

Viorica is our proprietary fashion label targeting Gen Z and young millennials. Think bold cuts, expressive silhouettes, and fast-paced trend cycles.

Our line features:

- Crop tops, oversized tees, co-ord sets
- Y2K aesthetics and seasonal drops
- Rapid design-to-shelf production

### Luxury & Couture-Grade Women's Wear

We also produce limited-edition collections of high-fashion women's wear—tailored with the precision and artistry of couture. Products include:

- Gowns, cocktail dresses, fusion sets
- Hand-embellished formalwear
- Designer-ready custom pieces

Every luxury piece is crafted using premium fabrics, modern silhouettes, and intricate finishing, making our facility a go-to partner for designer labels and fashion houses worldwide.
